EDUCATION

Indiana University Bloomington

B.S. in Computer Science, Cognate in Artificial Intelligence

Expected May 2027

Bloomington, IN

Relevant Coursework: Applied Algorithms, Principles of Machine Learning, Data Analysis and Mining, Statistical Inference.

TECHNICAL SKILLS

Languages: Python, TypeScript, JavaScript, SQL, C, Swift

Web & Data: Next.js, React, Supabase, PostgreSQL, REST APIs, OAuth 2.0, Scikit-learn, Pandas, NumPy

Developer Tools: Git/GitHub, VS Code, Xcode, Jupyter, OpenAI Codex, Claude Code

Media: DaVinci Resolve, CapCut, Adobe Creative Suite, professional camera operation

TECHNICAL PROJECTS

PatsMemoir Creator Analytics Platform

TypeScript, Next.js, React, Supabase

- Built a full-stack dashboard with adapters for **four social platforms**; normalized YouTube, TikTok, Instagram, and Facebook account and post metrics into a shared PostgreSQL schema.
- Implemented Supabase authentication, owner-scoped Row Level Security, Vault-backed token storage, OAuth connection flows, and synchronization audit records.
- Designed daily snapshots to separate cumulative totals from daily gains; added deterministic demo data.

Student Productivity Prediction

Python, Scikit-learn, Pandas

- Compared Linear Regression and SGDRegressor on **5,000 synthetic student records** using 4-fold cross-validation; achieved **4.51 validation RMSE** and **4.55 held-out RMSE**.
- Evaluated L1, L2, Elastic Net, and polynomial configurations; published a notebook documenting model comparisons, visualizations, and relationships between productivity and student behaviors.

Dining Hall Wait Time Prediction

Python, Pandas, Categorical Naive Bayes

- Engineered time, location, and weather features from dining hall observations; trained a Categorical Naive Bayes classifier to predict short, medium, or long waits.
- Analyzed pilot congestion data and designed an architecture for crowdsourced wait-time updates.

EXPERIENCE & LEADERSHIP

National Society of Black Engineers

President, Indiana University Chapter

Jan 2026 – Present

Bloomington, IN

- Manage an **11-member executive board** serving **30+ chapter members**; organized professional development events with Accenture and Clearwater Security.
- Led finance-team outreach supporting **\$5,000+ in sponsorships**; co-developed a sponsorship package, sent targeted cold emails, and cultivated alumni relationships.
- Created a five-stage event-planning guide and introduced officer-led events, standardizing task ownership, deadlines, budgets, readiness checks, and post-event follow-up.

PatsMemoir

Founder & Content Creator

Jun 2025 – Present

Bloomington, IN

- Built audiences of **20,000 TikTok** and **2,500 Instagram followers**; generated **7.9 million TikTok views** in 12 months, including 4.7 million in 28 days.
- Used AI-assisted transcript comparisons and audience analytics to refine three-second video hooks; multiple videos reached **500,000+ views** after the changes.
- Film and edit with professional cameras, DaVinci Resolve, and CapCut; scheduled daily video ideas with Claude.

RAISED LLC

Founder

2025 – Present

Bloomington, IN

- Sold out a **50-unit launch within days**, generating **\$3,000+ in revenue** through influencer, social media, and word-of-mouth marketing.
- Customized a Shopify storefront with code and managed Postscript SMS and Shopify email campaigns for lists of **100+ SMS** and **70+ email subscribers**.
- Compared and negotiated offers from **10+ overseas manufacturers**; coordinated a nine-page tech pack and samples, and used costs, margins, and conversion rates to plan future inventory.
